PART 1 OF 4

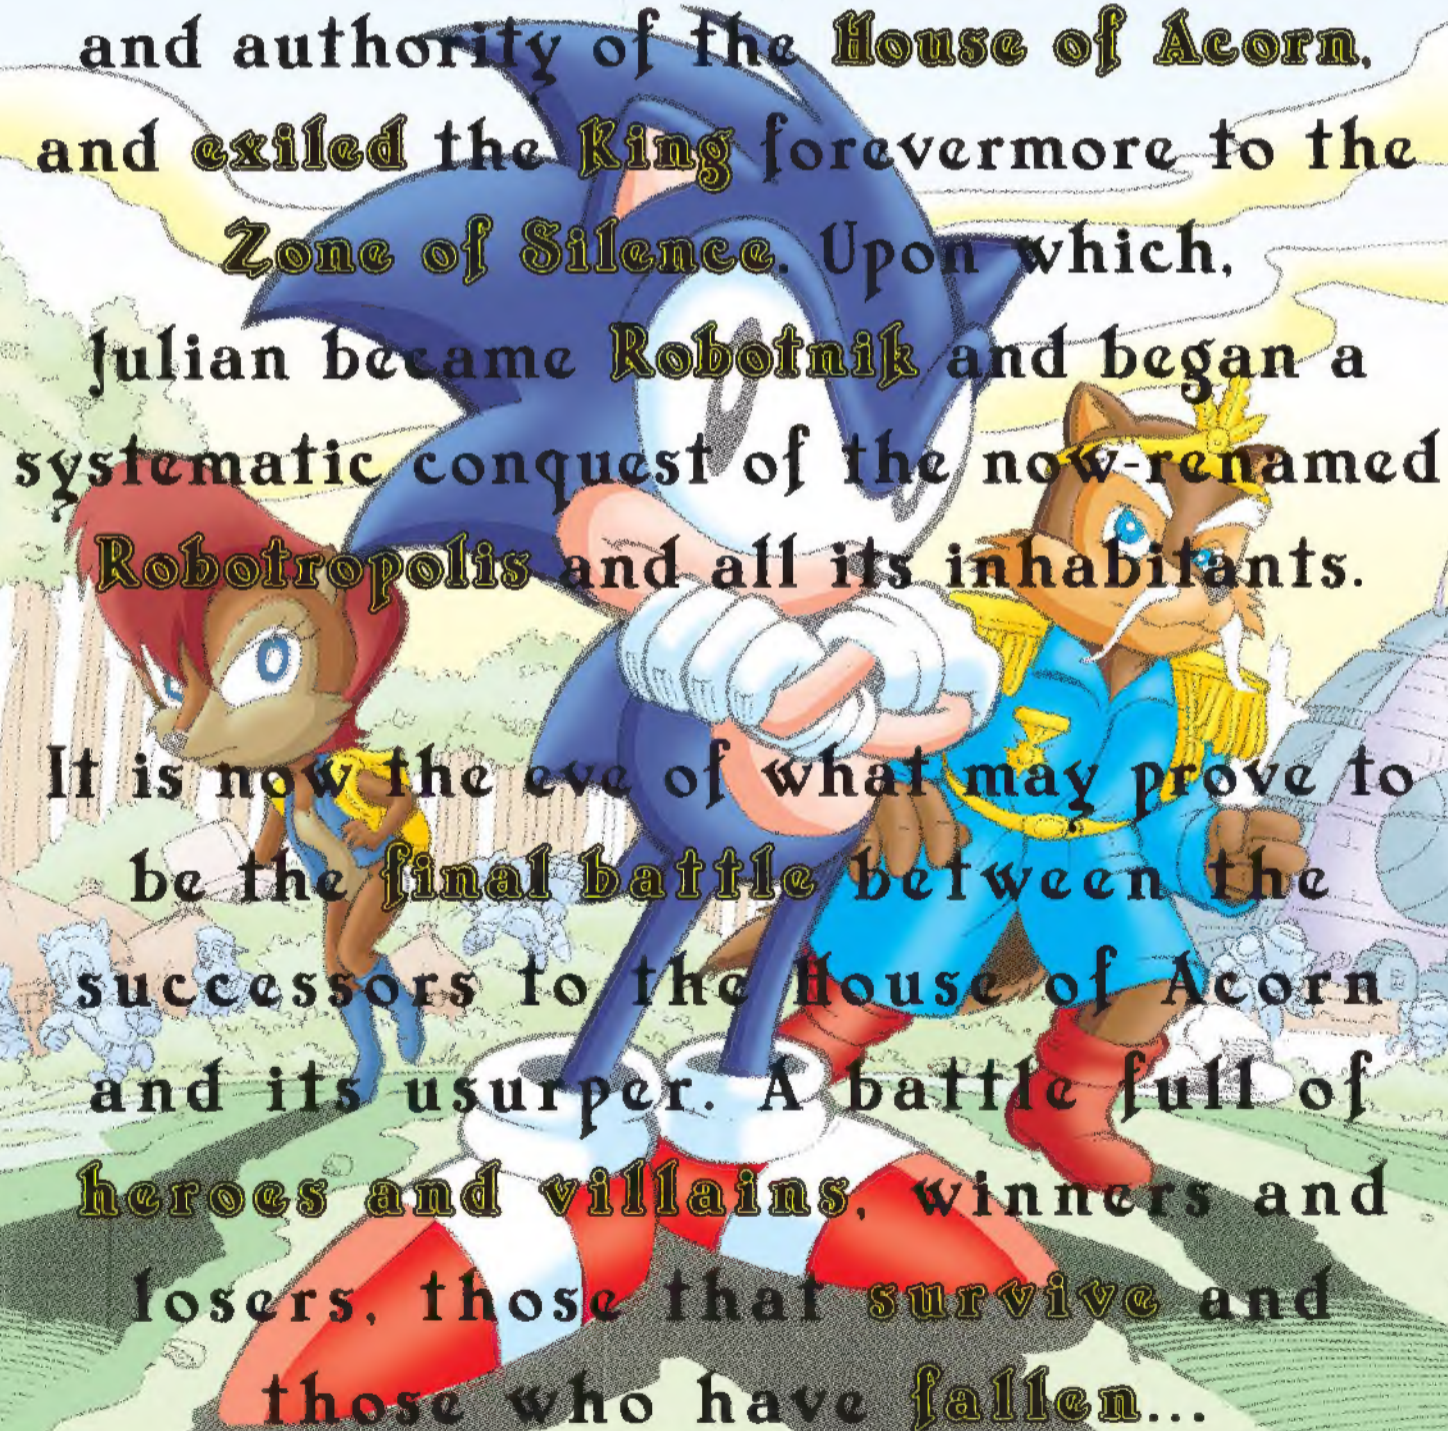

SPAZ
HARVO

It is the year 3235 on the planet **Mobius** and the war being fought upon its surface lands has entered its **eleventh year**. A war that began as another had just concluded. A war that had its origins from the seeds of **betrayal within**.

Warlord Julian had seized the power and authority of the **House of Acorn**, and exiled the **King** forevermore to the **Zone of Silence**. Upon which, Julian became **Robotnik** and began a systematic conquest of the now-renamed **Robotropolis** and all its inhabitants.

It is now the eve of what may prove to be the **final battle** between the successors to the **House of Acorn** and its usurper. A battle full of **heroes and villains**, winners and losers, those that **survive** and those who have **fallen...**
